Good Times & Wild Weather

Most of our summer pulls can be expected to provide plenty of sunshine, heat, and wind; it's not often we have rain in the forecast. This year's Bob Denton Memorial Pull proved that Mother Nature has a mind of her own. The day started off with favorable weather during lunch, but once we started pulling, we were hit by waves of rain as various storm cells passed through. We went from a dry track to a mud pull at the end.

Despite it all, there was a full crowd of spectators, and all had a fun time. Thank you to everyone who helped flag and man the track. Especially those who hung on to the bitter end and those last few pulls. You are all troopers, and we sincerely appreciate your efforts.
