“We’re Pulling for You”

Southern Idaho Ag Show

We kicked off the season with our first event of the year February first through third. Many thanks to those who brought machines and items and gave their time manning the booth. Kids and adults alike enjoyed trying out Rod Bolich’s grinders. Jack Duchow’s pedal tractor was a hit with the smallest booth visitors. The combo of Boyd Harm’s Oliver and Mark Applewhite’s Oliver Potato Digger and potato sack

collection sure was a conversation piece. Al Barkl was featured in a nice piece on KIVI-TV Channel 6 out of Boise. (There’s a link on our Facebook Page) Harry Sanders also shared the spotlight giving a nice interview to the Iliad Media Group (event host) on his What’s It Boards. Thank you to both for representing our club to the community! Beau Newhouse and Warren Jacky rounded everything out with their engines and garden tractors. My favorite moment was during setup when Boyd Harms fired up his Modified Oliver 770 to unload, and every head in the building turned in unison to look. I didn’t see any other tractor get that response. That V8 sure hits all the right notes. It was a wonderful way to kick off the year and we sure appreciate you all for making it happen.
