This month’s meeting will be held at

The Snug

165 Wilson St W
Eden, ID 83325

Dinner at 6:30 pm

Meeting at 7 pm

It’s Chicken Fried Steak Night!

Southern Idaho AG Show

Thank you to everyone who attended and assisted at the Southern Idaho Ag Show this year. Despite last-minute challenges due to reduced booth space, we still managed to present a strong display and promote the Club and our activities. Thanks to Harry Sanders, f Barkel, and all the others who brought items and manned the booth. Special thanks to Boyd Harms, who brought tractors but was unable to display them due to our space constraints. Your patience with a frustrating situation did not go unnoticed!

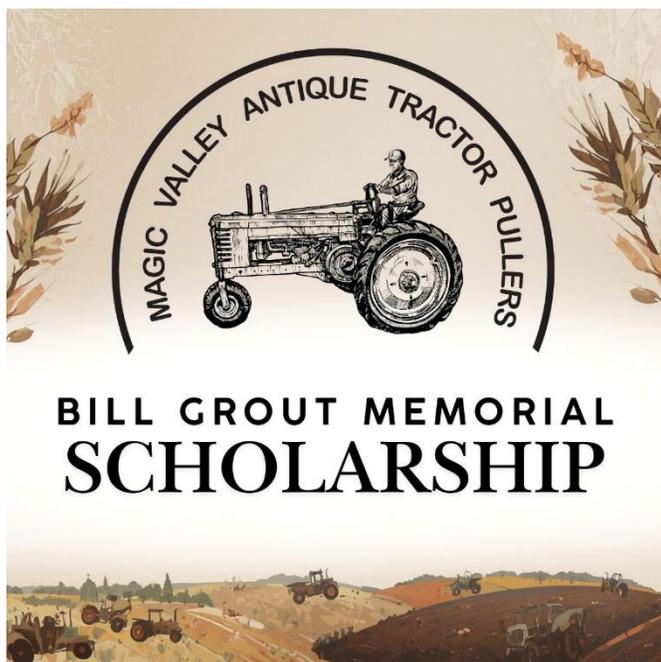

There are links on our Facebook Page to interviews the event did with both Kevin Duchow and Harry Sanders. Harry did a great job presenting his What’s It boards, and Kevin provided an overview of what our club does and mentioned the I-FARM and their support of our group.

The Board will meet on Monday, the 23rd, for a quick meeting and to review this year's Bill Grout Memorial Scholarship applicants. Look for an announcement of recipients at this month's general meeting.

In the past few years, we've typically received 6 to 8 applicants. This year, we received four college applicants and nine high school applicants!

The difference? This year, we provided an online application option alongside our traditional handwritten one. All submissions went through the online portal. The QR code on our flyer directed people directly to this option on our website and proved an effective way to promote scholarships to this younger generation, raised with technology and the internet.

Spring Plow Day at Applewhite's

Time to tune up those Tractors and get the plows shined up! Our spring plow day is set for March 28th, 2026, at Applewhite's. By my reckoning, that will be here before you can blink. As in previous years, we'll have a potluck lunch, so bring your favorite side to share. Come prepared for the weather; however, if it's looking

particularly stormy, snowy, or whatever weather Idaho decides to throw us that day, check in with Mark for field conditions, as we have a backup date in place for April 11th in case March doesn't cooperate.
